

Striped Felt Candy Cane

Hand-sewn felt ornament • A4 printable pattern

Three bold red stripes give this cream candy cane its festive finish. The open hook makes it instantly recognizable without needing lots of small curved appliques.

Placement guide

Not a cutting template

- 1 Applique three red stripes to the straight stem on the front, with their top edges 5.6, 7.8 and 10 cm below the cane top. Their side edges meet the stem edges.
- 2 Baste a 16 cm ribbon loop at the top of the curve, with 1 cm of each end between the layers.
- 3 Stitch the two cane shapes together 2 mm from the edge. Work carefully around the inner hook; leave a 2 cm opening on the outside of the lower stem.
- 4 Add a very small amount of filling with a blunt tool, or leave the cane flat. Close the opening.

Finish securely, trim loose threads and keep small parts away from young children.
