

Felt Christmas Pudding

Hand-sewn felt ornament • A4 printable pattern

Cream icing and a little holly turn a rounded brown shape into a festive pudding. It is a lovely project for small red and green scraps left from the other ornaments.

Placement guide

Not a cutting template

- 1 Match the icing to the rounded top of the front pudding. Sew along the wavy lower edge and tack the top edges, which will be caught by the outer seam.
- 2 Applique the two holly leaves on the icing, then add three red berries at their overlap.
- 3 Baste a 16 cm ribbon loop 1 cm into the top center. Blanket-stitch the body layers 2 mm from the edge, leaving a 2 cm gap on one side.
- 4 Fill lightly and close the opening. Take smaller stitches around the icing drips so they stay smooth.

Finish securely, trim loose threads and keep small parts away from young children.
